INFORMATION ABOUT THE ANNUAL MEETING

When and Where is the Annual Meeting?

The Annual Meeting will be held at **10:00 a.m. local time on June 7, 2022**. This year, stockholder participation in the Annual Meeting is virtual (online) only. Directions for stockholders who wish to participate virtually in the Annual Meeting are available on the Corporation’s website at www.mfbonline.com, or by calling the Corporation’s toll-free number, 1-800-433-8283 Ext. 8616.

What Matters will be Voted on at the Annual Meeting?

At the Annual Meeting, you will be asked to:

- Elect five people to serve on the Board of Directors until the annual meeting of stockholders in 2023 or until their successors are elected and qualified;
- Ratify the appointment of Elliott Davis, PLLC (“Elliott Davis”) as the Corporation’s independent auditor for the fiscal year ending December 31, 2022; and
- Consider and vote upon any other business that may properly come before the Annual Meeting or any adjournment thereof.

Who is Entitled to Vote?

Only stockholders of record at the close of business on the record date, April 1, 2022 (the “Record Date”), are entitled to receive notice of and to vote at the Annual Meeting. On the Record Date there were 1,979,975 shares of the Corporation’s common stock outstanding and there were approximately 918 stockholders of record, not including stockholders whose stock is held in nominee or “street” name.

Is there Cumulative Voting?

Each share of the Corporation's common stock is entitled to one vote on each matter considered at the Annual Meeting, except that stockholders can cumulate their votes in the election of directors. Cumulative voting is a system of voting whereby each stockholder receives a number of votes equal to the number of shares of common stock that the stockholder holds as of the record date multiplied by the number of directors to be elected. Thus, for example, if you held 100 shares as of the record date, you would be entitled to cast 500 votes (100, the number of shares held, multiplied by five, the number of directors to be elected) for the election of directors. Cumulative voting can be used only for the election of directors and is not permitted for voting on any other proposal.

What Constitutes a Quorum?

The presence at the Annual Meeting, in person (i.e. by participating virtually/online) or by proxy, of a majority of the outstanding shares eligible to vote at the Annual Meeting is required for a quorum. Abstentions, broker non-votes and votes withheld from any director nominee count as "shares present" at the Annual Meeting for purposes of determining a quorum.

What Vote is Required to Approve Each Proposal?

Election of Directors. The five nominees for election as directors who receive the greatest number of votes will be elected directors. Votes may be cast in favor of some or all of the nominees or withheld as to some or all of the nominees.

Ratification of Independent Auditor. The Audit and Risk Committee of the Board of Directors has appointed Elliott Davis as the Corporation's independent auditor for the year ending December 31, 2022. Ratification of this proposal will require the affirmative vote of the holders of a majority of the shares of common stock voted on the proposal.

Other Matters. Any other matters presented for consideration at the Annual Meeting or any adjournment thereof will require the affirmative vote of the holders of a majority of the shares of common stock voted on the matter. Management currently knows of no other matters to be presented at the Annual Meeting.

Abstentions and Broker Non-Votes. Abstentions and broker "non-votes" are not counted as votes cast. A broker "non-vote" occurs when a nominee or broker holding shares for a beneficial owner does not vote on a particular proposal because the nominee or broker has not received instructions from the beneficial owner and does not have discretionary voting power for that particular item. Accordingly, abstentions and broker "non-votes" will have no effect on either the proposal to elect directors or the proposal to ratify Elliott Davis as the Corporation's independent auditor.

Please note that whereas previously the uncontested election of directors was deemed a "routine" matter for which a nominee or broker could exercise discretionary voting power, the uncontested election of directors is now deemed "non-routine," and as such, most nominees or brokers may not exercise discretionary voting power. **You should therefore provide your nominee or broker with instructions as to how to vote your shares.**

How Do I Vote?

Stockholders are requested to submit their proxy by following the instructions on the proxy card or the Notice of Internet Availability of Proxy Materials. Stockholders may vote in person (i.e. by participating virtually/online), by mail via the proxy card, by telephone or via the internet. Any stockholder may vote for or withhold his or her vote as to some or all of the nominees in the election of directors; and may vote for, against or abstain with respect to any other matter to come before the Annual Meeting. **If the proxy is properly completed and voted via the internet, by telephone or in writing, and not revoked, it will be voted in accordance with the instructions given. If the proxy is returned with no instructions given, the proxy will be voted FOR all the proposals described in this Proxy Statement. If instructions are given for some but not all proposals, the instructions that are given will**

be followed and the proxy will be voted FOR the proposals on which no instructions are given. If any other matters are properly presented at the Annual Meeting for consideration, the persons named in the proxy will have discretion to vote on those matters according to their best judgment. “Street name” stockholders who wish to vote in person (i.e. by participating virtually/online) at the Annual Meeting will need to obtain a proxy form from the institution that holds their shares.

Can I Change My Vote After I Submit My Proxy?

Yes. Even after you have submitted your proxy, your proxy can be withdrawn at any time before it is voted by:

- delivering written notice to the Corporate Secretary, M&F Bancorp, Inc., 2634 Durham Chapel Hill Boulevard, Suite 101, Durham North Carolina 27707, before the vote at the Annual Meeting, or
- completing and returning a later dated proxy card, or
- re-voting via telephone before the cut-off time indicated on the proxy card or the Notice of Internet Availability of Proxy Materials, or
- re-voting via the internet before the cut-off time indicated on the proxy card or the Notice of Internet Availability of Proxy Materials, or
- attending the Annual Meeting and voting in person (i.e. by participating virtually/online).

Who Pays the Cost of Soliciting Proxies?

The Corporation will pay the cost of preparing, printing and mailing materials in connection with this solicitation of proxies. In addition to solicitation by mail, our officers, directors (including those nominees for election as a director) and employees, as well as those of Mechanics and Farmers Bank (the “Bank”), may make solicitations personally, by telephone or otherwise without additional compensation for doing so. While the Corporation has no current plans to engage a proxy solicitation firm, it reserves the right to do so, if necessary, to assist in the solicitation of proxies for the Annual Meeting. The Corporation will upon request, reimburse brokerage firms, banks and others for their reasonable out-of-pocket expenses in forwarding proxy materials to beneficial owners of stock or otherwise in connection with this solicitation of proxies.

All Board members attended the Corporation's 2021 annual meeting of stockholders, which was held on June 1, 2021.

How Can a Stockholder Communicate with the Board or its Members?

The Corporation does not have a formal procedure for stockholder communication with the Board. In general, the Board members and executive officers are easily accessible by telephone, postal mail or electronic mail. Any matter intended for the Board, or for any individual member or members of the Board, can be directed to James H. Sills III, the Corporation's President and Chief Executive Officer, or Valerie M. What Board Committees Have Been Established?

The Board has four standing committees, the Audit and Risk Committee, Strategic Issues and Planning Committee, Corporate Governance and Nominating Committee, and the Compensation Committee.

Audit and Risk Committee. The Audit and Risk Committee reviews the engagement of the Corporation's independent auditor, reviews quarterly and annual consolidated financial statements, considers matters relating to accounting policy and internal controls, discusses significant accounting estimates with management and with the independent auditor, reviews whether non-audit services provided by the independent auditor affect the auditor's independence and reviews the scope of the annual audits in accordance with its written charter.

The Audit and Risk Committee consists of directors Willie T. Closs, Jr., Chairman, Michael L. Lawrence and Connie J. White. There were five meetings of the Audit and Risk Committee during the year ended December 31, 2021. The Board has determined that: (i) each Committee member satisfies the NASDAQ's independence standards and the independence standards established by the Securities and Exchange Commission (the "SEC"); (ii) each Committee member is financially literate and has accounting or related financial management expertise, in each case as required by the NASDAQ's corporate governance standards applicable to audit committee composition; and (iii) three of the Committee members have the requisite attributes of an "audit committee financial expert" as defined by regulations promulgated by the SEC and that such attributes were acquired through relevant education and/or experience.

The Audit and Risk Committee has adopted a written charter which is reviewed annually, and was reviewed and restated on December 13, 2021 and approved by the Board on January 25, 2022. A copy of the charter is available on the "Investor Relations – Governance Documents" page of the Corporation's website at www.mfbonline.com.

Report of Audit and Risk Committee. The Audit and Risk Committee has reviewed and discussed with management the Corporation's audited financial statements for the fiscal year ended December 31, 2021. The Committee has discussed with the Corporation's independent auditor the matters required to be discussed by the Statement on Auditing Standards No. 114, The Auditor's Communication with those Charged with Governance, as amended

(AICPA, Professional Standards, Vol. 1, AU Section 380). The Committee has received the written disclosures and the letter from the independent auditor required by applicable requirements of the AICPA regarding the independent auditor's communications with the Committee concerning independence, and has discussed with the independent auditor the independent auditor's independence. Based upon the Committee's review and discussions with management and the independent auditor referenced above, the Committee recommended to the Board that the Corporation's audited financial statements be included in the Corporation's Annual Report. The Committee also reappointed Elliott Davis as the Corporation's independent auditor for the fiscal year ending December 31, 2022 and the Board concurred in the appointment.

Members of the Audit and Risk Committee

Willie T. Closs, Jr., Chairman
Michael L. Lawrence, Vice Chairman
Connie J. White

Strategic Issues and Planning Committee. The Strategic Issues and Planning Committee assists in influencing the future direction of the Corporation. The Committee recommends planning issues and policies to the Board, monitors the planning activities of the Corporation's officers, and makes recommendations as appropriate, to the officers and directors of the Corporation.

The Strategic Issues and Planning Committee consists of the entire Board, and is chaired by James A. Stewart. The Board regularly met during 2021 to consider strategic issues and the future direction of the Corporation.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee establishes corporate governance principles, evaluates qualifications and candidates for positions on the Board, nominates new and replacement members for the Board and recommends Board committee composition. In addition, the Committee facilitates an annual evaluation by Board members of the Board and individual director performance.

The Corporate Governance and Nominating Committee consists of directors James A. Stewart, Chairman, Willie T. Closs, Jr. and Michael L. Lawrence. The Committee met once during the year ended December 31, 2021.

The Corporate Governance and Nominating Committee has adopted a written charter which is reviewed annually, and was reviewed on January 25, 2022. Additionally, the Corporation has established Corporate Governance Policies which are reviewed annually, and were reviewed on January 25, 2022. Copies of this charter and the Corporate Governance Policies are available on the "Investor Relations – Governance Documents" page of the Corporation's website at www.mfbonline.com.

Process for Nominating Directors. The Corporate Governance and Nominating Committee reviews the qualifications of, and approves and recommends to the Board, those individuals to be nominated for positions on the Board and submitted to stockholders for election at each annual meeting of stockholders. The Committee identifies director nominees from various sources such as officers, directors, and stockholders.

The Corporate Governance and Nominating Committee currently has no written policy with regard to the consideration of director candidates recommended by stockholders, however, as a matter of practice the Committee will consider and evaluate a director candidate recommended by a stockholder in the same manner as a Committee-recommended nominee. Any stockholder who wishes to recommend a candidate for consideration by the Committee should submit his or her recommendation in writing to the Corporation's Secretary and provide the Secretary with such information as the Committee may reasonably require to properly consider the candidate's suitability. The Committee assesses all director nominees taking into account several factors including, but not limited to, issues such as the current needs of the Board and the nominee's: (i) integrity, honesty and accountability; (ii) successful leadership experience and strong business acumen; (iii) forward-looking, strategic focus; (iv) collegiality; (v) independence and absence of conflicts of interests; (vi) ability to devote necessary time to meet director responsibilities; and (vii) ability to commit to Corporation stock ownership. Where appropriate, the Committee will ultimately recommend nominees whom it believes will enhance the Board's ability to oversee and direct, in an effective manner, the affairs and business of the Corporation. Additional factors the Committee may consider in

evaluating candidates include: (i) relevant business experience; (ii) judgment, skill and reputation; (iii) number of other boards on which the candidate serves; (iv) other business and professional commitments; (v) lack of potential conflicts of interest with other pursuits; (vi) whether the candidate is a party to any action or arbitration adverse to the Corporation; (vii) financial and accounting background to enable the Committee to determine whether the candidate would be suitable for Audit and Risk Committee membership or qualify as an “audit committee financial expert;” (viii) executive compensation background, to enable the Committee to determine whether a candidate would be suitable for Compensation Committee membership; and (ix) the size and composition of the existing Board. In evaluating candidates, the Committee also seeks to achieve a balance of knowledge, experience and capability on the Board.

The Corporate Governance and Nominating Committee is committed to diversified membership, and the corporate governance policies expressly provide that the Committee may not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees. The Committee believes that diversity with respect to viewpoint, skills and experience is an important factor in the composition of the Board. The Committee ensures that diversity considerations are discussed in connection with each potential nominee, as well as on a periodic basis in connection with the composition of the Board as a whole. At least annually, the Committee is required to evaluate its own performance, and submit a written report to the Board, which report is to include analysis of whether the Committee met its goals, including its commitment to diversity.

Before nominating a current director for re-election at an annual meeting, the Committee considers the director’s performance on the Board and whether the director’s re-election will be consistent with the corporate governance policies of the Corporation. In 2021, the Committee did not retain the services of any third party consultants to assist in identifying and evaluating potential nominees.

Compensation Committee. The Compensation Committee determines the compensation of the Bank’s President and Chief Executive Officer, and in conjunction with the Bank’s Compensation Committee, oversees personnel and compensation policies and procedures generally. The salary of the President and Chief Executive Officer is determined based upon his or her contributions to the overall profitability of the Corporation and the Bank, maintenance of regulatory compliance standards, professional leadership, and management effectiveness in meeting the needs of day-to-day operations. The Compensation Committee also compares his or her compensation with compensation paid to executives of comparable financial institutions in North Carolina and executives of other businesses in the Bank’s market areas. The President and the Chief Executive Officer sets the compensation to be paid to other executive officers in accordance with the Bank’s personnel and compensation policies and procedures. Any aggregate increase in compensation to the executive officers must be approved in advance by the Compensation Committee. This process is designed to ensure consistency throughout the executive compensation program.

The Compensation Committee is also responsible for determining the compensation of members of the Board and the Bank Board. The Compensation Committee seeks to reward directors based on their respective contributions to the Corporation and the Bank, based upon their participation in meetings of the Board, Bank Board and committees. From time to time, the Compensation Committee compares the compensation of members of the Board and the Bank Board with compensation paid to directors of comparable financial institutions in North Carolina and directors of other businesses in the Bank’s market areas.

The Compensation Committee also administers the M&F Bancorp, Inc. Long-Term Stock Incentive Plan (the “Long-Term Stock Incentive Plan”), which was adopted by our stockholders at the Corporation’s 2021 annual meeting of stockholders.

The Compensation Committee’s charter allows the Compensation Committee to delegate such of its duties and responsibilities as it deems appropriate and advisable to a subcommittee of not less than two members. The Compensation Committee consists of directors Willie T. Closs, Jr., Chairman, James A. Stewart and Michael Lawrence. A copy of the Compensation Committee’s charter is available on the “Investor Relations – Governance Documents” page of the Corporation’s website at www.mfbonline.com. The Compensation Committee met jointly with the Bank’s Compensation Committee four times during the year ended December 31, 2021.

What Bank Board Committees Have Been Established?

The Bank Board has several standing committees, including the Executive Committee and the Compensation Committee.

Executive Committee. The Executive Committee of the Bank may act, between meetings of the Bank Board, with all the authority of the full Bank Board. The members of the Executive Committee are James A. Stewart, Chairman, Willie T. Closs, Jr., Michael L. Lawrence, James H. Sills III and Connie J. White. The Executive Committee met four times during the year ended December 31, 2021.

Compensation Committee. The Compensation Committee reviews and recommends to the Compensation Committee of the Board compensation arrangements for the Bank's President and Chief Executive Officer, and policies and procedures for personnel and compensation matters. The members of this Committee are Willie T. Closs, Jr., Chairman, James A. Stewart and Michael L. Lawrence. The Committee met jointly with the Corporation's Compensation Committee four times during the year ended December 31, 2021.

Board Leadership Structure and Risk Oversight

The Board is led by James A. Stewart, who has served as Chairman of the Corporation since 2008 and Chairman of the Bank since 2006. In the absence of Mr. Stewart, the Board is led by the Vice-Chairman, Connie J. White.

The ultimate authority to oversee the business of the Corporation rests with the Board, which appoints the Chairman. The role of the Board is to effectively govern the affairs of the Corporation for the benefit of its stockholders and, to the extent appropriate under North Carolina corporate law, other constituencies including employees, customers, suppliers and the communities in which it does business. The Board appoints the Corporation's officers, who have responsibility for management of the Corporation's operations. The Bank's officers are appointed by the Bank Board, upon the recommendation of the President/Chief Executive Officer of the Bank. It is the Chairman's responsibility to lead the Board. The President/Chief Executive Officer is responsible for leading the Corporation's management team and the Corporation's employees, and operating the Corporation.

While the Corporation's Bylaws permit the Board to appoint the Corporation's President/Chief Executive Officer as Chairman, we believe it is beneficial to have an independent Chairman whose sole responsibility is Board leadership. By having an independent director serve as Chairman of the Board, our President/Chief Executive Officer is able to focus all of his energy on managing the operations of the Corporation. By clearly delineating the role of the office of the Chairman, we believe we have ensured no duplication of effort between the President/Chief Executive Officer and the Chairman. We believe this governance structure results in strong, independent leadership of our Board, while positioning our President/Chief Executive Officer as the leader of the Corporation in the eyes of our customers, employees and stockholders.

The Board currently consists of four independent members and one non-independent member, our President/Chief Executive Officer, Mr. Sills. A number of our independent directors are currently serving or have served as members of senior management of other companies and have served as directors of other companies. We have three Board committees comprised solely of independent directors, each with an independent director serving as chair of the committee. We believe that the number of independent, experienced directors that make up our Board, along with the independent leadership of the Board by the non-executive Chairman, benefits our Corporation and our stockholders.

The Board oversees the Corporation's general risk management strategy and ensures that risks undertaken are consistent with the Board's established risk tolerance. Management is responsible for the day-to-day risk management processes. Risk assessment reports are provided to the Board by management on a regular and timely basis.

Board committees share risk monitoring responsibilities and capabilities. The Committees include: Audit and Risk, Corporate Governance and Nominating, and Compensation. The Audit and Risk Committee, charged by the Board

with the primary oversight responsibility for risk management, also oversees the integrity of financial reporting, compliance with laws and regulations, and the structure of internal control. The Compensation Committee provides oversight for executive compensation as well as other compensation programs for associates and Bank officers. The Corporate Governance and Nominating Committee establishes corporate governance principles, and provides leadership over corporate governance matters. In addition, the Executive Committee may exercise, during intervals between meetings of the Board, all the powers and authority of the Board in directing the management of the business and affairs of the Corporation, except as otherwise provided in the Bylaws of the Corporation or as limited by North Carolina law. Also, the Bank Board has established the Asset Liability Committee. The Asset Liability Committee, made up of members of management and the Bank Board, monitors loan, investment, and liability portfolios to ensure comprehensive management of liquidity, interest rate risk and capital adequacy, and reports under guidelines established by management, the Bank Board and regulators. Additionally, the Information Technology Committee monitors risks associated with the Bank's information systems, and the Directors Loan Committee is responsible for ensuring compliance with banking regulations concerning loans to insiders.

The Corporation's Director Code of Business Conduct and Ethics, Code of Ethics for Principal Executive and Senior Financial Professionals, and Corporate Governance Policies (together the "Governance Policies") outline appropriate behavior for all directors and senior employees. In addition, in 2009 the Corporation adopted an Excessive and Luxury Expenditures Policy (the "Luxury Policy") setting forth the Corporation's policy that directors and employees of the Corporation and the Bank utilize corporate assets in a prudent manner and do not engage in excessive or luxury expenditures. Copies of the Governance Policies and the Luxury Policy are available on the "Investor Relations – Governance Documents" page of the Corporation's website at www.mfbonline.com.

In the day-to-day management of risk, management has established and implemented appropriate policies, procedures and risk assessment tools, and a defined organization and reporting structure. With respect to the organization and reporting structure, a hierarchy has been created which divides responsibilities efficiently and effectively into specific processes. The structure is further enhanced by providing the Internal Audit and Loan Review functions independent functional reporting responsibilities to their respective Board committees. Risk assessments have been created to properly identify and monitor risk for the Corporation either at an entity level or within specific lines of business as appropriate.

The Board believes that the foundation for risk management is well-established and understood throughout the Corporation from the Board level down throughout the organization.

Risk Framework

The Corporation has established a low risk tolerance in connection with the operation of its business, including its compensation policies and practices. Adherence to a low risk tolerance is ensured by the Corporation's system of internal control processes and validated by independent groups, including Corporate Audit Services, Asset Liability Management, Credit Administration and to some extent, the Corporation's independent auditor.

Employment Agreements

In August 2014, the Corporation and the Bank (together the "Employer") entered into an employment agreement with Mr. Sills in connection with his appointment as President and Chief Executive Officer of the Corporation and

the Bank. This agreement provides for an initial term of employment of two years, beginning September 1, 2014. At the end of the initial term, and annually thereafter, the term of employment is automatically extended for an additional term of one year (each an “Additional Term”), unless a notice of termination is given by the Employer to Mr. Sills not less than 120 days prior to the end of the initial term, or the Additional Term, as applicable.

Mr. Sills’ employment agreement provides for an initial annual base salary of \$275,000, with increases at the discretion of the Employer’s Boards. The employment agreement also provides that Mr. Sills shall be eligible to receive an annual bonus, to be determined by the Employer’s Boards. The agreement also provides for reimbursement of all reasonable business expenses and participation in all retirement, welfare, health and other benefit plans or programs currently offered by the Employer to other executive officers or which may be later offered to other executive officers. Further, Mr. Sills is entitled to receive all other fringe benefits, which are now or may be provided to the Employer’s executive officers.

Mr. Sills’ employment agreement provides that he may be terminated by the Employer for “cause,” as defined in the employment agreement, in which event he shall only be entitled to receive payment of sums due him as base salary and/or reimbursement of expenses incurred through the date of termination. If Mr. Sills is terminated without cause, or is terminated as the result of a change of control of either the Bank or the Corporation, he will be entitled to receive payment of severance compensation equal to 100% of his then monthly base salary for 12 months following the date of termination. Also, Mr. Sills may choose to terminate his employment upon giving the Employer not less than 60 days’ notice.

In the event of Mr. Sills’ “disability,” as defined in the employment agreement, for a period of 180 days, the Employer may terminate the agreement at its option. The agreement provides that in such an event, the Employer shall pay Mr. Sills an amount equal to his then-existing base salary, less any benefits received from any disability benefit or pension plan, until he becomes eligible for benefits under any long-term disability plan or disability insurance program provided by the Corporation. In addition, the employment agreement provides that Mr. Sills shall receive any bonus earned or accrued through the date of termination. In the event of Mr. Sills’ death during his employment, the agreement provides that his estate will be entitled to all sums due him as base salary and/or reimbursement of expenses through the end of the month during which his death occurred, plus any bonus earned or accrued through the date of death.

Mr. Hall does not have a written employment agreement with either the Corporation or the Bank.

Long-Term Stock Incentive Plan.

The Long-Term Stock Incentive Plan was adopted by our stockholders at the Corporation’s 2021 annual meeting of stockholders. The purpose of the Plan is to further and promote the interests of the Corporation and its stockholders by enabling the Corporation, its subsidiaries and related entities, including the Bank, to attract, retain and motivate key employees and directors, and to align their interests with those of the Corporation’s stockholders. Additionally, the Plan’s objectives are to provide a competitive reward for achieving longer-term goals, provide balance to short-term incentive awards, and reinforce a unified perspective among participants serving the Corporation in differing capacities and areas of focus. To do so, the Plan offers a variety of equity-based incentive awards and opportunities to provide key employees and certain non-employees with relationships with the Corporation or a subsidiary (such as non-employee directors), with a proprietary interest in maximizing the growth, profitability and overall success of the Corporation.

The Long-Term Stock Incentive Plan provides for the issuance of up to an aggregate of 162,500 shares of common stock in the form of stock options, restricted stock awards, restricted stock units, and performance unit awards. As of the Record Date, an aggregate of 46,500 stock options have been awarded to key employees and directors, leaving 116,000 shares available for future awards under the Plan.

Bank-Owned Life Insurance (“BOLI”)

The Bank owns single premium, variable-rate life insurance policies, covering the lives of certain current and former employees, and certain members of the Bank Board. The purpose of this type of investment is to increase after-tax earnings on the invested funds as a means to offset costs associated with employee benefit plans or provide additional benefits for employees and to compensate members of the Bank Board for their services. Certain of these policies have an associated split dollar death benefit. Upon the insured’s death, the net split dollar death benefit is divided between the insured’s named beneficiary and the Bank. The aggregate death benefit for former and current officers of the Bank as of December 31, 2021 is approximately \$17.8 million, and the split dollar benefit payable to those individuals’ beneficiaries is approximately \$864,000.

401(k) Plan

The Bank has established a contributory savings plan (the “401(k) Plan”) for its employees, which meets the requirements of Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”). All employees who have completed 90 days of service and who are at least 21 years of age may elect to contribute up to 80% of their compensation to the 401(k) Plan each year, subject to certain maximums imposed by federal law. The Bank is obligated under the terms of the 401(k) Plan to match 100% of each eligible employee’s pre-tax contributions (excluding the employee’s pre-tax contributions in excess of 6% of compensation). Participants are immediately fully vested in amounts that they contribute to the 401(k) Plan.

Benefits under the 401(k) Plan are payable in the event of the participant’s retirement, death, disability or termination of employment. Normal retirement age under the 401(k) Plan is 65 years of age. The named executive officers are entitled to participate in the 401(k) Plan on the same basis as all other eligible employees of the Bank. The named executive officers both participated in the 401(k) Plan during 2021.

In accordance with Federal Reserve Regulation O, the Bank has adopted a policy which sets forth the requirements applicable to such loans and other credit facilities. These loans and other credit facilities are made using the same credit and underwriting standards as are applicable to the general public, and such loans and other credit facilities do not involve more than the normal risk of collectability or present other unfavorable features. Pursuant to this policy, loans and other credit facilities to Related Persons are made on the same terms, including interest rates and collateral, as those prevailing for comparable transactions with nonaffiliated persons.

The Audit and Risk Committee is charged with reviewing and approving all transactions of the Corporation or the Bank with Related Persons other than transactions subject to Regulation O, discussed above. All material facts of each transaction and the Related Person's interest are discussed by all disinterested directors and a decision made about whether the transaction is fair to the Corporation and the Bank. A majority vote of all disinterested directors is required to approve such a transaction.
